

BLESSINGS BULL'S-EYE

Southern Middle Tennessee
God's wonderful place for us to be,
Others living here might sigh
But for us it is a blessings bull's-eye!

A place...
Where the kindness of Christ is still alive
Harshness has a hard time trying to survive,
A place of heritage it be
Where people loved my family and love me.
An inherited farm for me
Is where I express my vitality.
Church love and liberty
Only God could do this for me!

Ticks, fire ants, and the like
May cause others to sigh
But far greater...
Is the Blessings Bull's-eye!
