

CHICKENS IN THE CHURCHYARD
by
Austin and Belinda French

Neighbors' chickens in the churchyard...
What do you do?
Do you make chicken stew
To keep the numbers few,
Then pray in a pew and go Whew?

No, this is what you do
So there won't be a big ado:

Use unrighteous mammon (money) to help your neighbor out
By possibly building a suitable fence
To keep the chickens in or out!
Maintaining goodwill makes very good sense
And when it's all through you may have won your neighbor too!

So that is what you do
Without a big ado!
