

MAN, WOMAN: CREATED COMPLEMENTS

God created man and woman in His own image (Gen. 1:27) to complement (Gen. 2:18:20 HCSB), not rival, each other, in order to be in unity, joined, to serve God. The husband is to be the loving head and the wife submitting to the husband, loving, helping, and respecting him (Eph. 5:22-33) (Titus 2:4). They are to love and discipline their children, not abort them (Eph. 6:4) (Heb. 12:7,9). The world tries to counter created design; chaos happens. Glory results in embracing God's created design at any age. In general, God's created design and purpose is to have a Godly man in charge operating by God's wisdom...this solves many problems and many others do not even come up.
