

DIVINE LOVE

February is the month when we celebrate Valentine's Day. We normally think of husbands, wives, or sweethearts if not married. However, there is a divine love that supersedes all. We're to love God with all our hearts, soul, mind, and strength and our neighbor as ourself. If we love God first, we'll know much better how to love others. Let's keep Jesus as our first love. It is much better not to get so entangled with circumstances and people but to keep Jesus our focus. Jesus you're our first love. You know, Jesus loves us too. He doesn't love everybody but us.
