

DRASTIC FOR THE GOOD

Sin is doing something drastic that is bad. Sin always harms self and others. Courageously do God's will. It always does good to self and others. Do not waste courage by using it to sin. Doing God's will is doing something drastic for the good and takes great courage. Courageously believe in Jesus, repent, call on Jesus to save you, be baptized and welcome all of the Holy Spirit that God intends for you. Read the Bible **daily** to believe and courageously do without explaining it away; you will drastically change. Doing drastic good brings great deliverance. "Be strong and of good courage...." (in Joshua 1:6).
