

DRASTIC FOR THE GOOD

Sin is doing something drastic that is bad. Sin always harms self and others. Courageously do God's will. It always does good to self and others. Do not waste courage by using it to sin. Doing God's will takes great courage. Courageously believe in Jesus, repent, and call on Jesus to save you. Read the Bible **daily** to believe and courageously do without explaining it away; you will drastically change. Doing drastic good brings great deliverance. "Be strong and of good courage...." (in Joshua 1:6)
