

## HisStory

The first history lesson to be learned is what history is.  
God's work through earthen vessels is what history tis.  
We are all earthen vessels, make mistakes and sin.  
Moses and David both did, yet were forgiven and His mighty men.

Learn that lesson deep in your heart.  
Forgiven by God, in history you can still have a big part.  
Your part is doing by God's power what God wants you to.  
God gets the glory since people see and know it couldn't be you.

Two realms there be  
Flesh and Spirit and they are contrary.  
Flesh: no God, all done of man, its interpreter psychology  
Spirit: God is, Jesus through His Spirit moves men to nobility

So-called history that is flesh  
With reality it does not mesh.  
False its claim to objectivity.  
See God moving, you see Reality.

Flesh tries to put the low view  
On the ones God works through.  
Spirit the true view.  
Deception, you are through.

So discern is it flesh or Spirit.  
If flesh ditch; if Spirit, cherish.

Seek and find the Spirit's story.  
There is so much hope and future glory.
