

## HOUSE OF CARDS

The very meaning of a house of cards is a situation bound for failure because of its shaky foundation. Jesus spoke of a foolish man who built his house on the sand (sort of like a house of cards). He said the house would fall, and great would be its fall.

Why does Jesus consider it to be built on the sand? Because it was not built on Jesus, His teachings, and doing His teachings. He gives a contrast between a house built on the sand and one built on the rock.

Not following Jesus and His teachings is the real house of cards, and it would cause a slippery, precarious life. Jesus is the sure foundation.

God is love and part of that love is to establish what is good and what is evil. He sent His only son Jesus to teach us and die for us, a sacrifice for our sins, so that we might be reconciled to Him and live for Him. He is a holy and good God.

Read the Bible to find out what Jesus' teachings are so that we can live accordingly and have that sure foundation and not be a house of cards ready to fall.
