

LOVE YOUR ENEMIES

Love your enemies. Jesus said that (in Mt. 5:44). It has been revealed to me how to do that. Desire from your heart that your enemies not be tormented in the way they have tormented or tried to torment you. This applies to political enemies. Desire torment for no one, including self. Goodness from us to them can lead to their repentance. Pray for your enemies that they repent, receive Jesus, and be transformed into people that bless rather than torment. That prayer is goodness toward them and its answer bless them and others. Also, if you have not received Jesus, believe and repent. This will bless others and yourself.
