

## Not Gumming up the Works (Part 3)

It's good not to gum up the works, but there is a higher level. How do we find out what this higher level is? How do we get our special assignments?

1. We read about what we're to do in the Bible. All Christians are to love, show kindness, be merciful, and be helpful, etc. We're to tell people about Jesus. God will help us to know how to go about this in our own lives.

2. Listen to our own pastors at church. They will give opportunities to serve. Sometimes food is collected for some needy people. Sometimes school supplies are needed.

3. Spend time alone with God. Pray. Read the Bible, as has been said. Our own personal assignments will not contradict the Bible.

It's going to take deep faith in God to accept our assignments and do them. Let's all go down deep!
