

OUR TURN

by

Austin and Belinda French

Look at what God has born
And we're not forlorn,
Look at what God has done
And it's a lot of fun!

The farm is something God has birthed
And it's our turn to take care of it on this earth,
Many times His ways He will show
Out of His love so we can know!

The stewardship in our hands You have placed
Our turn we will not waste,
Riding to the farm in the Son
In awe of what God has done!
