

SEEING

Seeing to pick apart

Is evil and destroys your own heart.

Anyone's faults are easy to find.

Looking for them harms your own mind.

Pride in fault-finding in people and beliefs,

Causes you to abide in a realm of no relief.

Repentance from this is good for the soul.

Choose Jesus and it will make you whole.

Anything not good for you and those you cover,

Its bad fruit is obvious, let it alone, delve no further.

Seek to see what God shows.

He who does it and thinks it, the right way he goes.
