

## SPRING IS NEAR

Never fear spring is near,  
As anticipated every year.  
Just around the corner,  
Not far away, I'd say.

Thanks be to God for the seasons,  
Hope for many reasons.  
Things to look forward to,  
Things to leave behind.  
In Tennessee we see and know  
Seasons come and they go.

In the midst of winter's coldness,  
We can say with great boldness,  
"Never fear spring is near,  
As anticipated every year."

There is a Spring that is always near  
All through the year,  
Not dependent on the season.  
A Spring in your heart,  
A Spring in your step.  
His name is Jesus.

He makes us new,  
Gives life to what we do.  
Always near,  
Not far away,  
All through the day,  
Not dependent on the season.
