

WILDERNESS WITHIN?

For waters shall burst forth in the wilderness (in Is. 35.6). Inwardly many have hearts that are a wilderness choked by the briars of bitterness, unforgiveness, and many other sins. Jesus said that those that believe in Him, out of their hearts shall flow rivers of living water; the opposite of a wilderness heart. God's intended goodness for us is made available through Jesus: the realm of sins purged, life abundantly, living for righteousness not self, a loving marriage and family experience and eternal life. Google "John Chapters 1-21 online NKJV" and read all 21 chapters, about 38 pages long. This tells of Jesus and the wilderness free life. Waters bursting forth are as near as reading and believing.
